

# OUR SCHOOL

Redwater School embodies the Sturgeon vision of a well-rounded education through arts, academics, athletics, entrepreneurship and citizenship. The Redwater community spirit energizes our hallways and classrooms, embodying the school philosophy of "Making a Difference!" Students from grades 5 to 12 pursue their unique paths to success. Redwater high school graduates attend post-secondary institutions in Alberta and beyond, assisted by the availability of scholarships and awards.

Students have access to volunteer activities, extracurricular opportunities and counselling services to assist with issues and enquiries. Student activities range from gardening to football and just about everything in between. Positive working relationships and strong school and community connections develop a real sense of belonging.

## PROGRAM POWER

Our school has program power! We offer exciting, engaging programs that suit every student's ability, interests and goals. Learning choices include Work Experience, Registered Apprenticeship (RAP) and Green Certificate programs. Knowledge and Employability is available from grades 8 to 12.

Students can choose from a wide range of exciting fine arts and Career and Technology Foundations (CTF) courses including forensics, wildlife, construction, foods, musical theatre and a high school LOGOS class.

# Redwater School

# HEALTH AND WELLNESS

One of our greatest responsibilities is to ensure Redwater School remains a safe, caring and fair environment.

Our school offers various programs to encourage strong leadership skills, positive relationships, peer support and healthy, active lifestyles. Some of our programs include:

- Character Education
- Empathy programs
- Student Council
- Positive Playgrounds
- Digital Citizenship
- Nutritional hot lunch programs
- Team sports
- Individual sports
- Intramurals
- Active complementary courses

# TRANSPORTATION

Sturgeon Public School Division provides safe, dependable and efficient transportation for students.

The division operates more than 60 yellow school buses, depended on by roughly 4,000 students to get to and from school each day.

Visit [www.sturgeon.ab.ca/Transportation.php](http://www.sturgeon.ab.ca/Transportation.php) for information on eligibility, bus stops, daily status updates, attendance maps, online applications and more.

# PROGRAMS

Our exciting, engaging programs suit every student's ability, interests and goals!

## ALBERTA CURRICULUM

Redwater School follows the Alberta Curriculum, which specifies the knowledge and skills that students are expected to learn, set by Alberta Education.

## ATHLETICS

Redwater School offers a wide variety of opportunities for students to learn active, healthy lifestyles. Physical education, sports and clubs help students build skills, friendships, teamwork, confidence, discipline and perseverance. Students in grades 6 to 9 participate in interschool league play. High school athletes compete at the 2A level in the Alberta Schools' Athletic Association (ASAA) North Central Zone.

## KNOWLEDGE & EMPLOYABILITY

This unique program is available for students who learn best through hands-on activities. Learning skills essential for the workplace, community and home, students obtain a sense of success and entry-level job skills.

## GREEN CERTIFICATE PROGRAM

The Green Certificate Program is operated by Alberta Agriculture, Food & Rural Development in partnership with the farming industry. Through apprenticeship style training, our students gain competence in career skills in any of the following production areas: cow-calf, field crop, dairy, feedlot beef, sheep, irrigated field crop and swine.

## REGISTERED APPRENTICESHIP PROGRAM

RAP allows high school students to earn credit toward a high school diploma and an apprenticeship program at the same time. Students can select from more than 50 trades and occupations to explore. Each student is paired with an employer, providing invaluable experience and training and a distinct post-graduation advantage.

## LOGOS/LOGOS CONNECT

LOGOS is a non-denominational Christian-based program offered to our K-9 students. The program offers an excellent academic education enhanced by daily activities (prayer, scripture reading, praise), periodic chapel times and assemblies that build faith and fellowship. LOGOS Connect acts as an extension for high school students, a class offering that provides the framework for Alberta high school credits and the chance to connect and grow in their Christian faith.

## WORK EXPERIENCE

Work Experience allows high school students to explore a career path and get ahead with valuable skills training. We partner with community organizations to offer students opportunities under the cooperative supervision of a teacher and employer. Students gain experience, build marketable job skills and earn high school credits.

# COMPLEMENTARY COURSES

Students can expand their knowledge by choosing from a variety of exciting fine arts and Career and Technology Foundations (CTF) courses!
